DETAILED ACTION

Information Disclosure Statement

The information disclosure statement (IDS) submitted on April 2, 2007 has been considered by the examiner. Although the 2 non-patent literature documents are stated as showing a decorative piece. It does not appear that such piece is mounted in a bezel mounting space which is defined as between a dashboard housing and an instrument cluster assembly and also does not appear to show a way to secure an instrument mount to the body as claimed.

Allowable Subject Matter
